POISON MANUSCRIPT**

**You've changed the way you guzzle your beverages.
So we've changed the approach to our drinks.**

Alcohol.

It makes us feel sexy and squiffy; it's something our heart beats for, despite the 'occasional' hangover. It's a means of escape and a jolly good platform through which we connect.

However, more splendid beings are choosing to live with lower alcohol intake, or even an alcohol-free lifestyle. With this new focus, we've rethought our entire approach to cocktails

We're about equal rights for all you splendid folk!

Check out the key below then you fine specimen, you have some decisions to make.

Some may call our non-alcoholic drinks
'mock'tails, we like to call them poisonless
liquids, sans hangover potions. This is a
warning to the dipsomaniac, they taste just
like our other beauties, just better bones,
a little less hectic.

Be careful what you wish for.
